A a

Annie Ant

A large, red-outlined letter 'Q' dominates the center of the page. In the bottom left corner, a small cartoon ant is standing on a tiny patch of green grass. The ant has an orange head with two antennae, a black body, and is holding a blue paintbrush, appearing to be in the process of painting the letter. The background is a light, textured grey.

Say the words. Trace the line to help Annie find the ax.

ant

ax

B b

Benny Bear

A c t i v i t i e s

Color the letter **b**. Say the "b" sound.

Say the words. Color the **b**all.

Phonics for Kids 1

Phonics for Kids is a six-level series specially written for young children. Each unit deals with one letter sound or a phonic feature. It begins with an interesting story or a rhyme and is followed by a song and some fun activities. Useful phonics skills are taught in a systemic and enjoyable way.

Teaching phonics is an effective strategy that helps children learn reading and writing quickly. It is also a useful self-help tool for children to rely on when they encounter new words in listening, speaking, reading and spelling activities.

Learning phonics at an early age helps children develop both phonemic and print awareness. It is key to their future success in learning English.

The series includes:

- Student's Books 1-6
- Teacher's Guides 1-6
- Cassette Tapes and CDs 1-6
- Big Books 1-6
- Phonics Cards 1-6
